## BAYARD CENSURED.

Congress Calls Down Our Ambassador to England.

### TWO SPEECHES OBJECTED TO.

Five Republicans Broke Away From Party Lines and Voted Against the Resolution of Censure and Six Democrats Voted For It—Other Proceedings of the House and Senate.

WASHINGTON, March 21.—The house yesterday after three days of debate adopted a resolution censuring Thomas F. Bayard, ex-secretary of state and now ambassador to the court of St. James, for utterances delivered in an address to the Boston (Eng.) grammar school and in an address before the Edinburgh (Scotland) philosophical institution last fall.

Mr. Willis, a Republican from Mr. Bayard's state, made a speech in opposition to the first resolution and Mr. Bailey (Dem., Tex.) not only endorsed the resolutions, but declared that a man who delivered such utterances as Mr. Bayard had at Boston was "unworthy to represent the United States anywhere at any time."

At the conclusion of Mr. Bailey's remarks Mr. Hitt asked for a vote. At the request of Mr. Willis, the vote was taken separately on the two resolutions. The first resolution censured Mr. Bayard "in the name of the American people," the second condemned in general terms the delivery of the partisan speeches by our foreign representatives.

The vote stood 180 to 71 in favor of the first resolution and 191 to 59 in favor of the second. Five Republicans broke away from party lines and voted against the resolution of censure and six Democrats voted for it. All the Republicans and nine Democrats voted for the second resolution. The nine Democrats were: Allen, Mississippi; Bailey, Texas; Cummings, New York; Hutchison, Texas; Layton, Ohio; Owens, Kentucky; Pendleton, Texas; Sorg, Ohio, and Stokes, North Carolina.

There was a report about the house after the resolutions had been adopted that Ambassador Bayard would resign, but close friends of the administration asserted positively that there was absolutely no foundation for the rumors, which they did not hesitate to ridicule.

The resolutions adopted were as follows:

WHEREAS, Thomas F. Bayard, ambassador of the United States to Great Britain, said in a public speech delivered in Boston, Eng., on Aug. 2, 1895, as follows: "He (the president of the United States) stands in the midst of a strong, self-confident and oftentimes violent people—men who seek to have their own way, and I tell you plainly that it takes a real man to govern the people of the United States."

WHEREAS, Thomas F. Bayard, ambassador of the United States to Great Britain, said in a public speech delivered in Edinburgh:

"In my own country I have witnessed the insatiable growth of that form of state socialism styled 'protection,' which I believe has done more to foster class legislation and create inequality of fortune, to corrupt public life, to banish men of independent mind and character from the public councils, to lower the tone of national representation, blunt public conscience, create false standards in the popular mind, divorce ethics from politics and place politics upon the low level of a mercenary scramble than any other single cause. Thus it has done so much to throw legislation into the political market, where jobbers and chaffers take the place of statesmen," therefore, be it

RESOLVED, That it is the sense of the house of representatives that Thomas F. Bayard, ambassador of the United States to Great Britain, in publicly using the language above quoted has committed an offense against diplomatic propriety, and an abuse of the privileges of his exalted position, which should make him the representative of the whole country and not of any political party. Such utterances are wholly inconsistent with that prudent, delicate and scrupulous reserve which he, himself, while secretary of state enjoined upon all diplomatic agents of the United States. In one speech he affronts the great body of his countrymen, who believe in the policy of protection.

In the other speech he offends all his countrymen who believe that Americans are capable of self-government. Therefore, as the immediate representative of the American people, and in their name, we condemn and censure the said utterances of Thomas F. Bayard.

RESOLVED further, That in the opinion of the house of representatives public speeches by our diplomatic or consular officers abroad, which display partisanship, or which condemn any political party or party policy, or organization of citizens in the United States, or in dereliction of the duty of such officers, impair their usefulness as public servants, and diminish the confidence which they should and may command at home and abroad.

The house later considered the contested election case of Benoit vs. Bontner for the Fifth Louisiana district and the report of the majority declaring the seat vacant on account of fraud and intimidation at the election was adopted—151 to 59. Three Republicans, Fletcher of Minnesota; Johnson of California and Ray of New York, voted for Bontner.

At 5 o'clock the house took a recess until 8 o'clock, the evening session to be devoted to the consideration of private pension bills.

About a dozen bills were favorably

acted upon at the night session of the house, but there were no incidents worthy of mention.

Mr. Bayard Has Nothing to Say. LONDON, March 21.—The representative of the Associated Press called at the United States embassy last night to inquire whether Mr. Bayard desired to say anything for publication regarding the vote of censure passed by the house of representatives at Washington. Mr. Bayard, however, announced that he did not desire to talk on the matter.

IN THE SENATE. A New Cuban Resolution Offered by Senator Morgan.

WASHINGTON, March 21.—Senator Morgan presented a new phase of the Cuban question to the senate shortly before the adjournment last night by offering a joint resolution declaring that a state of war exists in Cuba and recognizing the insurgents as belligerents. The pending resolutions are concurrent while these, being joint, would, if adopted, require the president's signature.

The resolutions before the senate received an expected reverse yesterday. Mr. Sherman sought to interrupt the usual course of adjourning over Saturday unless unanimous consent was given to take the final vote on the Cuban question at a stated time next week. The unanimous consent was not given, however, and the senate voted, 42 to 22, to adjourn over. The vote was regarded as an evidence of growing opposition to the Cuban resolutions.

Most of the day was given to the Cuban debate, speeches being made by Mr. Caffery of Louisiana in opposition, and Mr. Call of Florida supporting the resolutions.

The Dupont election contest came up long enough to allow Mr. Allen (Populist) an opportunity to express his views against Mr. Dupont's claim.

A number of small bills was passed.

LAID FOR THE BURGLARS.

One Man Shot and Badly Wounded, but the Other Escaped.

NORWALK, O., March 21.—A dog on the farm of Mr. Delamater, just north of this city, Thursday pawed up a package buried under a corn shock. It contained over \$1,000 worth of postage stamps, two revolvers and a kit of burglars' tools. The package was turned over to the authorities and several officers lay in hiding near the scene.

Last night two men appeared and one of the officers opened fire without warning, shooting down one of the supposed burglars. He is shot through the neck and badly hurt. The second man escaped. It is supposed the stamps were taken from the Wellington postoffice Tuesday night, although the wounded man denies it.

The wounded burglar was taken to Cleveland by Postoffice Inspector Fleming and lodged in jail. He said his name was Jerry Sullivan, but would not give any further information about himself. Postmaster P. M. Arner of Wellington identified the stolen property as that taken from his postoffice.

MERCHANT MISSING.

It Is Said That the Return of Forged Paper Hastened His Departure.

RIPLEY, O., March 21.—W. N. Schaaf, a merchant here, is missing, and is said to have forged certain checks with the name of T. E. Shortwell. Other forgeries are also said to have been unearthed, one paper bearing the name of Gus Groppenbacher which he says is not genuine.

No idea as to the extent of the work can as yet be conceived. Purchases were heavy and were not confined to Cincinnati alone, many of the orders being placed in the east, and from that quarter of the globe creditors are expected on every train, and no doubt some of them are in possession of forged paper.

Schaaf's whereabouts are unknown, but that he went south is evident, as a letter received here bears the postmark of a southbound train, on which he was traveling.

Manderson or McKinley.

OMAHA, March 21.—After an animated conference which lasted all day, an agreement was reached between the Manderson and McKinley forces of Nebraska by which the supporters of General Manderson agree to withdraw all opposition to the selection of a McKinley delegation to the Republican national convention. In return for this concession the McKinley people bind themselves to present the name of General Manderson to the convention unless in their judgment it is apparent that McKinley will be nominated.

Thawed Powder.

WINNIPEG, March 21.—A terrific explosion occurred at the gold mines of Rossland, in the remote northwest country. As a result four men are dead and two more are seriously hurt, and will probably die. Two boxes of gunpowder ignited while being thawed out in a tunnel. The dead are: Thomas Gibbons, married; Mike Ravigan, single; Joseph Dolan, single; Daniel Lynch, single. The injured are: Ed Shanahan, single, not expected to live, and Mike Brooks, single.

ROCKLAND, Me., March 21.—Fire broke out in the lime factory of Perry Brothers in this city yesterday, and fanned by a wind of almost hurricane velocity, spread to the adjoining property of the A. E. Crockett company and others. Before the flames were brought under control loss aggregating \$70,000 had been entailed. The fire was caused by water which leaked through the roof of the limeshed and slacked the lime.

## FORTY MILLION LIRE

Amount of Indemnity Demanded of Italy by Abyssinia.

### IT WILL NOT BE FORTHCOMING.

The Negus' Forces Now Threaten to Surround Assabara While Continuing to Lay Siege Upon Massowah—The Radical Cabinet Losing Ground The Situation Further Complicated.

ROME, March 21.—King Menelik demands an indemnity of 40,000,000 lire (a lire is equal to about 20 cents) from Italy. This condition is, of course, unacceptable, and further complicates the situation.

The Negus' forces now threaten to surround Assabara while continuing to lay siege upon Massowah. The radical cabinet losing ground the situation further complicated. It is stated that the dervishes attacked the outposts of Cassala on the recent arrival there of an Italian caravan. The outposts retreated within the fort, but the dervishes were repulsed.

The dervishes made four attacks upon the Suberit defile, near Cassala, on the 18th inst., but they were repulsed with loss. Communications with Cassala have been restored. The Marquis Di Rudini is evidently losing ground. It is believed that in case the credit he has asked for is refused he will dissolve parliament. A royal decree for this purpose has already been drawn up and only awaits promulgation.

After peace has been declared King Menelik will, it is said, visit the czar. The Russian ambassador is negotiating for the passage of a Russian ambulance corps through Massowah. Permission is certain to be granted.

The meeting between King Humbert and Kaiser William will take place at Venice in the middle of April.

There were scenes of excitement in the chamber of deputies yesterday, and the strong current of discontent with the situation in Africa amongst the people, and especially against undertaking any further campaign in Abyssinia, was vigorously expressed by Radical deputies. They attacked the government with bitter criticisms and demanded that the government should withdraw the troops now in Africa instead of sending any more to relieve them.

So great was the disorder at one time that Signor Villa, president of the chamber, donned his hat and suspended the sitting for a short period.

A green book has been issued by the government containing the history of the campaign in Abyssinia, including the disaster at Adowa. The details published do not differ materially from the reports that have already found their way to the world. The green book confirms the report that the Crispi government, before it resigned, authorized General Baldissera to send Major Salsa to the Negus Menelik, to treat for peace on the most favorable terms.

A dispatch to The Tribune from Massowah says that Major Salsa has returned a second time from the camp of the Negus and will go back for the third time today.

Cabinet Not Popular.

LONDON, March 21.—A Rome dispatch to The Times says: The parliamentary situation is unsettled, and it is believed that if the government provoked a vote of want of confidence, it would inevitably be defeated. In any case, it is unlikely that the ministry will live long.

MESSAGE ON CUBA.

The President May Send One to Congress Early Next Week.

CHICAGO, March 21.—A special to The Tribune from Washington says: President Cleveland will send a message on Cuba to the senate early next week, probably on Monday. It will be an answer to the resolution of Senator Hoar, calling upon the president for any further information in the possession of the state department relating to the Cuban situation, particularly with reference to the effect of the war on American interests. The message will show the property of American citizens in Cuba has been damaged and destroyed by the operation of the insurgents and Spaniards, to the extent of about \$30,000,000.

Secretary Olney has had prepared for transmission to the senate with this message a mass of correspondence with United States consuls in Cuba since Feb. 1, when the last message on this subject was sent in. The documents will be submitted to the cabinet and it may then be determined whether it is necessary for the president to express an opinion on the Cuban resolutions, or to outline the attitude of the administration.

A Second Escape From Jail.

LIGONIER, Ind., March 21.—O'Connor, one of the trio who escaped from jail at Albion, and was recaptured, escaped again yesterday morning immediately after breakfast, going through the same hole made by him, Swalley and Bailey Wednesday night. The sheriff and deputies are in pursuit, and all the officers within a radius of 50 miles have been notified to keep close watch. O'Connor has a good start and his recapture may be difficult.

## REVIEW OF TRADE.

Still Waiting Is the Report Made by R. G. Dun & Company.

NEW YORK, March 21.—R. G. Dun & Company's weekly review of trade says: Movement toward better things is still the exception. There is better business in shoes and small industries and there has been a squeezing of short-sellers in cotton. But the general tendency of industries and prices is not encouraging, and those who were most hopeful a month ago are still waiting, not so hopefully, for the expected recovery. Causes of continued depression are not wanting. Bad weather has cut off much business, especially in the country districts. Some failures of consequence have caused especial caution.

The root of the business is that in many departments men bought more and produced more when prices were mounting and everybody was rushing to buy last year than they have yet been able to sell. That the buying was of a nature to anticipate actual consumption many months they were fully warned, but they had more hope than observation, and went on piling up goods. Some are engaged today in the same hopeful anticipation of a demand which has not yet appeared.

The woolen mills, with prices already reduced below last year's lowest average, and wool 5.3 per cent higher than it was then, are not getting business enough to keep works in operation. Clothiers have taken many foreign goods; they have failed to market all they produced last fall and they have to carry a host of retailers whose stocks are not yet sold. Sales of wool were the smallest in any week for years and in three weeks of March have been 9,897,400 pounds, of which 4,751,000 were domestic, against 17,105,876 in the same week of 1892, of which 11,856,626 were domestic. The demand for women's dress goods is still quite fair.

A sharp decline in the prices of cotton goods is the comment of mills on rising cotton. Goods now average lower than since May, 1895, having declined 4.2 per cent for the week, print cloths to 2 1/2 cents, which is only a sixth above the lowest price on record. The accumulation of goods in the face of slack and rapidly diminishing demand has brought the closing of one of the largest mills and others are considering.

The iron industry shows but a slight average decline in prices, as combinations still insist upon the highest prices of last year, and the demand is naturally curtailed. Quotations are deceptive, because lower prices are constantly made to secure business. But with ore and coke combinations demanding high figures, hesitation is inevitable. Minor metals change little, but aluminum, by misprint quoted here erroneously last week, sells at 50 cents.

Speculation in cotton has caught short sellers in trouble and just because they thought prices must go lower, the shorts are forced to put them up. Such a rise may go on without regard to supplies or demand, but neither the government report of last week nor the fall in goods and closing of mills, give reason to expect more than a speculative rise.

The market in wheat has been weak, though rather stagnant, but the weight of facts is felt as western receipts for three weeks of March have been 5,481 bushels, against 5,624,929 last year. Atlantic exports, flour included, also show a decrease, amounting to 4,048,064 bushels for three weeks, against 5,097,018 last year.

The movement of corn continues very large, and prices have declined 1 cent for cash.

Failures for the week have been 261 in the United States, against 278 last year, and 49 in Canada, against 35 last year.

NEW MEXICO AS A STATE.

The House Committee in Favor of Admitting Her Into the Union.

WASHINGTON, March 21.—Senator Davis, chairman of the committee on territories, yesterday presented the report of the committee on the admission of New Mexico as a state. The report sets forth the resources of the territory, gives the population, the number of schools, postoffice, etc., and adopts the report made to the senate on the same subject in the last congress. A new paragraph is added giving the best estimate possible on the proportion of residents of the territory of Mexican birth or derivation.

The committee says that exact information is unobtainable, but expresses the opinion that about one-half of the population fall within the class. They conclude, however, that the Mexicans do not cast one-half of the votes in the territory, because a majority of the Americans are new arrivals unaccompanied by their families, giving them a larger proportion of voters than among the Mexicans. The bill is amended so as to fix the election for the adoption of the proposed constitution not earlier than the first Tuesday in November.

No Evidence Against Granlich.

ST. LOUIS, March 21.—The American Express company dismissed the suits brought last Tuesday against A. E. Granlich, a former messenger of the company and the St. Louis Safe Deposit company. The suits were to recover from Granlich \$22,500, which disappeared from a money package while en route from St. Louis to New Orleans.

Mobbed and Robbed.

SAN FRANCISCO, March 21.—The steamship Peru brings news from China that the Presbyterian mission, 130 miles southeast of Shanghai, was raided by a band of robbers on Feb. 7. Rev. Rufus H. Bent was shot in the thigh and seriously cut in the head. The robbers secured \$300 from the mission safe.

## ALMOST A MIRACLE.

A Woman, Despairing of Life, Restored by Earnest Prayer.

### A WONDERFUL CURE BY FAITH.

She Is Well Known All Over the State as a Preacher of Unusual Power. Missing Man Heard From—Aged Couple Married—Church Funds Stolen—Other Indiana State News.

DANVILLE, Ind., March 21.—Mrs. Hannah Pratt Jessup, pastor of the Friends' church in this city, has been cured of a fatal disease by prayer. For some time her health has been declining, and the best medical skill could give no relief from her affliction, which was bright's disease. There have been times in the last month when it was thought her death was but a matter of a few hours.

As a last resort, she and her husband decided to visit Dr. Dowie of Chicago, who has been doing great good by prayer. They went to him and spent a week in his house, but Mrs. Jessup felt no relief. They decided to return home, and the last night of their stay in Chicago they visited the Pacific Garden Mission, the largest mission in the city.

Mrs. Jessup led the service, and many came to the altar and confessed their sins. Her thought then turned to herself. The next day she was to return home to die. She decided to ask for the prayers of those present. In a few words she told her story, why she was in the city, and of her hopeless return home on the morrow. She asked for prayers. Immediately several commenced to pray most fervently for her. She herself knelt at the altar and prayed. When she arose she felt herself a changed woman. She was well.

She returned home and has not had a pain nor a symptom of the disease. Her neighbors have all noticed the remarkable improvement in her appearance, and testify to her serious condition only a few days ago. With them the change is nothing short of a miracle, and the entire city has become aroused over the matter.

Mrs. Jessup is one of the leading pastors of the city, and is held in loving esteem by all, whether members of her church or not. She is widely known over the state as a preacher of unusual power.

### MOURNED AS ONE DEAD.

An Indiana Man Said To Be Living In British Columbia.

LAFORTE, Ind., March 21.—William Crawford, formerly of this city, but of recent years a Wyoming cattle king, has been mourned as dead for three years by a mother and sister living in this city. Crawford disappeared in 1893. He had amassed a fortune, and the impression became so general that he had been murdered that a receiver was appointed and his estate was settled. Soon after Crawford disappeared Harvey Booth, his intimate friend, was murdered.

A man named Crooker was arrested and convicted, and the theory was advanced that Crooker had also murdered Crawford. The report now comes to the family that Crawford has been located in British Columbia, where he was identified by a man named Milard. An effort will be made to further establish his identity, and, if successful, there will be a joyful family reunion in this city, and Crooker will have been proved guiltless of his supposed murder. No cause can be assigned for Crawford's strange disappearance.

Football Player Paralyzed.

FRANKLIN, Ind., March 21.—G. Ray Mintz of Edinburg, who played on the Butler football eleven during the past season, has become partially paralyzed. The first symptoms were noticed last Saturday, and he has gradually become worse. His left foot and leg are affected. His case is pronounced to be the result of a ruptured blood vessel of the brain, which has flooded that part of the brain and prevents nerve action. The physicians hope that the affliction will only be temporary. Young Mintz weighs 200 pounds, and is otherwise in perfect health.

Thieves Carry Off The Church Funds.

BRAZIL, Ind., March 21.—The People's co-operative store at Harmony, east of here, was burglarized last night. The thieves broke into the blacksmith shop and stole tools with which to effect an entrance to the company's store. Here they blew open the safe and stole over \$100 in money, together with the funds of the Harmony cornet band and one of the churches of that place. A number of knives, razors, revolvers, etc., were taken. It is believed the theft was committed by tramps.

A Glass Factory Silenced.

PERU, Ind., March 21.—E. E. Ball of Muncie, representing the Indiana Sales association, which purchased the Peerless glass factory of Converse, has ordered it closed. Several parts of the factory have been sent to other factories which are owned by the combine. It is believed by the citizens of Converse that the buying of the factory by the present owners was for the purpose of silencing it. A movement is on foot among business men to put up a new factory.

NEW ALBANY, Ind., March 21.—Joseph Baker stole a bottle of wine from a saloon yesterday morning. An hour later he was sentenced to two years' imprisonment in the prison south, and he is now serving the time.

SATURDAY, MARCH 21, 1896.

GOVERNOR BRADLEY has recently pardoned four hundred convicts. The "pardon mill" is grinding about as fast as it ever did.

REPUBLICANS have been in control of the offices at Frankfort three or four months. If they have found anything "rotten" in any of the departments they are keeping it quiet. They made the voters believe all the Democratic office-holders were rascals. Have they taken a single step to punish any of the "rascals"?

The statutes are very plain that members of the Legislature are to be paid on certificates of the clerks of the respective houses, but Lieutenant Governor Worthington has taken the law into his own hands and issued certificates to two Senators for the six days of the session after they were expelled from that body. Of course he did this with Governor Bradley's "consent," and probably under the latter's orders. What do they care for statutes?

GOVERNOR BRADLEY is going to have the Kentucky delegation to the national convention if he has to buy it. At the meeting of his friends in Louisville this week to "launch his boom," a special session was resolved that \$5,000 be raised to be expended in sending a solid delegation for the Governor to St. Louis. If necessary, all this is to be used in the Third and Fifth districts in an effort to defeat Dr. Hunter and Mayor Todd. The fight between the Thimicrites and the Bradleys promises to be lively—provided there is any fight in Hunter.

### WHERE WAS THE MOB?

The Sworn Testimony of Lieutenant Governor Worthington Shows Troops Were Not Needed.

Here is what Lieutenant Governor Worthington testified to before the Senate investigating committee as to the alleged "dang-ron" condition of affairs at Frankfort before the troops were called out. It will be remembered that the Lieutenant Governor was one of those who made all-day setting forth the necessity of action. Read this:

Mr. Branton—Have you seen any violence here?

President Worthington—I can not say that I saw any violence. There was loud talk, though, and some confusion.

Mr. Branton—Have you seen any disturbance since the police were placed here?

President Worthington—I have not, Mr.

Mr. Goebel—Do you think that the Sergeant-at-Arms has not the same right as any other peace officer to summon deputies to assist him?

President Worthington—I must say that I have not exactly agreed with my political friends in regard to this matter.

Mr. Goebel—Did you see any opposition to the authority of the police on duty here?

President Worthington—I did not.

No violence, no disturbance, no opposition to the police, nothing of the kind, and yet Governor Bradley called out 400 or 500 of the State Guard. What for? Was it not simply and solely to back up two Republicans, who had been expelled from the Senate, in their efforts to vote for United States Senator? If the facts are ever known, that will be found to be true. Bradley's talk of a mob was simply outrageous under the circumstances, and was solely to cover up his real purpose. What does he care for the odium cast upon Kentucky if he could but further this party's interests?

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

## CAN THE GOVERNOR APPOINT?

How Vacancies in the Office of U. S. Senator Are to be Filled—The Law on the Subject.

The failure of the late Legislature to elect a U. S. Senator has been the subject of much talk and, judging from statements in both Democratic and Republican papers, the general impression is that Gov. Bradley has no power to appoint a Senator after the expiration of Senator Blackburn's term and, consequently, Kentucky would be represented by only one Senator from March, 1897, until the election by the next Legislature in 1898.

But hasn't the Governor a right to appoint? It seems he has, judging by the law.

In order to set the papers and a number of their readers right upon this question, we quote from Article 1, paragraph 3, of the Constitution of the United States, as follows:

The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof, for six years; and each Senator shall have one vote, and if vacancies happen by resignation, or otherwise, during the recess of the Legislature of any State, the Executive thereof may make temporary appointments until the next meeting of the Legislature, which shall then fill such vacancies.

Also to the same effect the Kentucky Statutes, Sec. 1548, reads as follows:

If a vacancy in the representation of this Commonwealth in the Senate of the United States shall, by resignation or otherwise, happen during the recess of the General Assembly, the Governor of the Commonwealth may fill such vacancy by the appointment of some person qualified and eligible to the office, who shall be the Senator for the Commonwealth of Kentucky in the Congress of the United States until the General Assembly shall again meet and elect a Senator to fill such vacancy.

Senator Blackburn's term expires March 4th, 1897. The Legislature having failed to elect his successor there will therefore be a vacancy in the office from March 4th, 1897, until some one is elected by the Legislature or appointed by the Governor and qualifies. This vacancy will occur during the recess of the Kentucky Legislature and hence the Governor, in accordance with the State and United States law, above quoted, may, it seems make a temporary appointment of a Senator until the next meeting of the Legislature, which convenes in January, 1898, and which will then elect a Senator.

As to the other much disputed question, whether the Legislature in called session could legally elect a United States Senator, there seems to be a variety and contrariety of opinions and very little light in the way of authorities. There is no general law in Kentucky on the subject. The State Constitution, Sec. 80, has the only provisions bearing on the question which we will quote and leave our readers to construe. It reads as follows:

"The Governor may on extraordinary occasions convene the General Assembly at the seat of government, or at a different place if that should have become dangerous from an enemy or from contagious diseases. In case of disagreement between the two Houses with respect to the time of adjournment, he may adjourn them to such time as he shall think proper, not exceeding four months. When he shall convene the General Assembly it shall be by proclamation, stating the subjects to be considered, and no other shall be considered."

Now has the Governor when calling an extra session the right to designate the election of a Senator as one of the subjects to be considered? The brainy and experienced Secretary of the Treasury, Hon. John G. Carlisle, is reported to have expressed the opinion that no Senator can be elected at a called session of the Legislature and bases his judgment on the section of the federal Constitution first above quoted, while other able and distinguished members of the House and particularly of the Senate say that this section refers as well to called as regular meetings of the General Assembly. You can take your choice of these decisions.

One thing is reasonably certain that the next Legislature will be Democratic on joint ballot by a safe working majority, and will elect a Democratic Senator. Kentucky has had enough of "riot alarm Bradley" and his military, and of the Republican party which has endorsed the Governor in his unlawful attempt to rule and govern by resort to force and arms.

### RALLY DAY FOR Y. M. C. A.

Services to be Held To-morrow in the Interest of the Local Work.

To-morrow will be a big rally day for the Young Men's Christian Association work of this city.

Mr. S. N. Bierce, a prominent business man of Dayton, O., and Mr. Henry E. Rosevear, State Secretary of Kentucky Young Men's Christian Association, will be in the city, and it is expected that all who care for the welfare of the young men of Maysville will attend the Sunday meetings.

Sunday morning at 10:45 o'clock, Mr. Bierce will deliver a discourse at the Christian Church. Sunday afternoon he will address the business men at 3:30 in the court house, and at night he will speak at the union meeting of all the churches in the Baptist Church.

There will be "no collection" taken at any meeting, and it is desired that this prominent speaker be given large audiences. Mr. Bierce is a strong speaker and will give a business talk to business men. All should hear him.

Mr. Rosevear will deliver an address at the M. E. Church, Third street, at the morning service. The public cordially invited.

### River News.

Still rising at this point, with about thirty-one feet on the marks.

The Bonanza surprised Maysvillians last night by reaching here at 8:30 o'clock on her down trip. She was hustling.

The Silver Wave is off the docks after an overhauling, and has resumed her trips in the Maysville and Portsmouth trade.

The Hudson is to-night's packet for Pittsburg, and the Bonanza will pass up for Pomeroy. The Stanley will pass down to-morrow from the Kanawha.

The river is rising at all points above. At Pittsburg a rise of 5 feet is reported yesterday, with 11.3 in the channel. About 4,000,000 bushels of coal will be let out. At Parkersburg the gauge marked a rise of 8 feet 3 inches. The Kanawha at Charleston marked a rise of 3 feet, with New River rising at all points. Snow is reported at Union. It is thought the danger line, 45 feet, will be reached at Cincinnati.

ALTHOUGH a very busy man, Dr. R. V. Pierce, of Buffalo, N. Y., has found time to write a great book of over a thousand pages entitled, The People's Common Sense Medical Adviser, in plain English or Medicine Simplified. Few books printed in the English language have reached so great a sale as has this popular work. Over 650,000 copies having been sold at \$1.50 each. The profits on this enormous sale having repaid its author for the great amount of labor and money expended on its production he has now decided to give away, absolutely free, 500,000 copies of this valuable book, the recipient only being required to mail to the World's Dispensary Medical Association, of Buffalo, N. Y., of which company he is President, twenty-one (21) one-cent stamps, to cover cost of mailing only, and the book will be sent postpaid. It is a veritable medical library, complete in one volume. It contains 1008 large pages, and over 300 illustrations, some of them in colors. The free edition is precisely the same as that sold at \$1.50 except only that the books are bound in strong manilla paper covers, instead of cloth. It is not often that our readers have an opportunity to obtain a valuable book on such generous terms, and we predict that few will miss availing themselves of the unusual and liberal offer to which we have called their attention.

## This Week's Store News!

Below you will find some interesting quotations on needed things. Interesting in two ways—the quality and price. The former high, the latter low. Isn't that a good combination?

**Spring Wraps** for stylish women. The newest fads and fancies of fashion found in spring capes are contained in those shown here. And as varied as the styles are the prices at \$2.50, \$3.50, \$4.00 and \$5.00.

**Window Shades.**—How about a new outfit? We have the best rollers, best shade cloths and a competent man to measure and make them. The price is the smallest part of the job, especially now, before we are rushed. Isn't 35c. cheap for an all linen shade mounted on spring rollers?

**Gloves.**—Fifty pairs of worthy Kid Gloves are here for bargain-buyers. Every glove without break or blemish and all the popular shades represented. How many are going to carry away these good gloves and pay only 97 cents the pair? Every pair warranted, and there is no \$1.50 glove in the market can improve on their fit, quality and wear.

**Umbrellas.**—Buy one for the rainy month, because now good Umbrellas are cheap. You can choose one from this stock with your eyes shut, for they are each worth every cent you pay, and sometimes more. Close roll, paragon frame Gloria Silk Umbrellas for \$1.25.

**Shirts.**—For years shirt makers have tried to best each other on making 50c. shirts, and we think we know the winner. There's a white shirt here at 50c. that you can measure by the highest standard of 50c. quality. If it isn't right—your money back.

**Boys' Stockings.**—If there was such a thing as cast iron stockings for boys, mothers would buy them. Well, we haven't reached that yet, but here is a lot of ribbed hose that will stand very rough use, and the price, 10c., is as little as the wearing worth is big.

## WHOSE BABY?

### An Unknown Couple Leave a Two-Year-Old Boy at the Home of Oscar Wilson.

About 11 o'clock Friday, a man, aged about thirty-five, and woman, aged about thirty, left a boy baby at Mr. Oscar Wilson's home on Colonel Baldwin's farm. The couple were strangers to Mr. and Mrs. Wilson, said they were coming to Maysville and would return for the child about 2 o'clock.

They have not yet returned. Mr. Wilson learns they crossed the country towards the Fleming pike, instead of coming to town.

The man had red chin whiskers, said his name was Edgington and claimed to know Wilson, but the latter had never seen him before.

The woman is rather large, and the couple were dressed in "common clothes." They came through Washington Friday morning, inquiring the way to Mr. Wilson's.

The child was comfortably dressed, but had not received good care. A bundle of clothes for the boy was found where the couple had dropped it on entering Mr. Wilson's home.

#### Size of Cuba.

The length of the island is in round numbers 600 miles, its width at its narrowest point, 21 miles, and at its widest point 111 miles. This gives to the long, shark shaped island an area of approximately 43,000 square miles, or nearly the size of the State of Pennsylvania.

## WHEAT LOOKING BAD.

### Prospects in Kentucky Not Bright. The Fruit Not Injured Yet.

State Commissioner of Agriculture Moore completed his crop report Thursday afternoon, and the following interesting abstracts are taken from it:

Wheat—Notwithstanding the generally favorable weather conditions prevailing during the months of January and February, 1896, the condition of the wheat crop at the close of February is not flattering. Reports received from 95 counties, with but few exceptions, place the condition of the crop far below the average. Twenty-three correspondents report the condition as the "worst ever known," while only two correspondents report the condition as "good."

Owing to unfavorable conditions at seeding time, the acreage was materially reduced. This, with the generally unfavorable report, makes the outlook for an average crop doubtful, even with the most favorable weather conditions from this time forward. The reports for percentage of 1895 crops still in first hands average 21 per cent. Reports on condition of growing plant average 64 per cent. On stand obtained, 72 per cent.

Rye—Reports on the condition of rye give an average condition of 68 per cent. Fruit Crops—Replies to special inquiries made since the unusually severe freeze at the close of February show the fruit crop still practically uninjured. Only four correspondents report any material injury, and they report the peach crop only alone as suffering.

Horses—In response to queries made of all correspondents as to the average price of two and three-year-old horses, it is found that \$36.50 is the average price, which is a startling falling off in price.

Lost—Wednesday evening about 5 o'clock, either on an electric car or on Lexington street or Forest avenue, a small purse containing a good sum of money. Finder will be liberally rewarded if he or she will return it to the BULLETIN office.

## NOVEL BANK SAFE,

But it is of the Latest Design, and is Burglar and Fire Proof.

The Mosler Safe Company began work this morning putting in a Corliss patent bank safe at the State National Bank.

The new safe is a rather novel one in appearance, being somewhat in the shape of a globe, but it is one of the latest patents and designs in this line, and is absolutely burglar and fire proof.

The fact that it is being put in by the Mosler Company is a guarantee that it is all that is claimed for it. Besides this, the State National uses nothing but the best and safest in this line.

The new safe will occupy a place in the front part of the bank, about midway between the two doors.

## FOR PARTS UNKNOWN.

### A Whilom Merchant of Ripley, O., Has Disappeared—Leaves Debts and Forged Notes.

[Cincinnati Tribune.]

RIPLY, O., March 19.—W. H. Schaaf, lately in the dry goods business here, has left for parts unknown, leaving his affairs in very bad shape financially.

An additional sensation has also developed in the shape of several forged checks and notes executed by him, and it is feared other frauds have been perpetrated.

He came here about February 1 of last year from Higginsport, O., where he enjoyed a good reputation as store manager for Boyle & Dntley, and bought out the dry goods store of Williamson & Bro. His venture here proved unsuccessful, and about one month ago he made a bill of sale of the stock to T. E. Shotwell, his clerk, who made a small payment in cash and gave notes for the balance. At that time Schaaf owed about \$13,000, partly for borrowed money, and the remainder, about \$5,500, for store debts, chiefly owed to Cincinnati merchants. To-day two of these creditors, Louis Stix & Co. and Meyer, Wise & Kaichen, filed a petition to set aside the bill of sale and for the appointment of a receiver.

The forged notes known consist of one for \$705 to Louis Stix & Co., one for \$374 to Meyer, Wise & Kaichen, and another to George W. Barkley, near Augusta, Ky., for \$1,000. The name of Gustavus or "Gussie" (as he signs himself) Groppenbacher, a farmer living near Chillicothe, O., was used on all these notes as surety. He denies the signatures and declares them forgeries. Suit has already been brought on the Barkley note.

In addition two forged checks for \$100 each, signed by "T. E. Shotwell," payable to W. H. Schaaf, were lately cashed for the latter by Cincinnati merchants. Schaaf also leaves a number of local creditors to mourn small bills and loans.

### HOLY WAR PROCLAIMED.

This Means That the Dervishes Will Do Some Desperate Fighting.

LONDON, March 21.—A dispatch to The Globe from Cairo says that the Khalifa has proclaimed jihad (holy war) against Egypt and has called all the dervishes capable of bearing arms to enroll under his banners. The dispatch adds that it is said that Osman Digna is to leave Kassala and join the dervishes now mustering at Dongola.

The under secretary of state of foreign affairs, Mr. George N. Curzon, answering a question in the house of commons, said that the decision of the government to send British-Egyptian troops to Dongola was considerably influenced by a communication from Italy relative to the prospects of a dervish attack on Kassala and the effect it might have upon Egyptian interests.

The government gives evidence that considerable uneasiness is felt regarding the development of the military situation in Africa. The aggressive movement of Osman Digna is a special source of anxiety to the British government. A conference was held yesterday between Lord Wolsey, General Sir Redvers Bullard, adjutant general, General Sir Evelyn Wood, quartermaster general, and Sir Francis Grenfell, inspector general of auxiliary forces and of recruiting, regarding the defense of Sudan. Preparations have been made for the dispatch of British troops in an emergency. Several tons of material were left at Woolwich for Egypt yesterday.

It is reported that when Akasheli is occupied, Amara will also be occupied as an advance post.

### THREE PEOPLE IMPLICATED.

A Woman Hires a Man to Murder Her Husband For Fifty Dollars.

HITCHINSON, Kan., March 21.—A sensation has been caused at Anthony, Harper county, by the arrest of Mrs. Rodman, William Maddox, one of the leading men of the county, and a man named Clark, on charges of having murdered the woman's husband, Charles Rodman, on the night of Feb. 18. Rodman was mysteriously assassinated at his stable door just after arriving home. The county and state authorities offered rewards aggregating \$1,400 for the conviction of the murderer.

Mrs. Rodman has confessed. Her statement is that her husband had beaten her and so ill treated her that she finally went to Maddox, a friend of long standing, for advice. Upon the advice of Maddox, she says, she hired Clark for \$50 to be in wait for her husband and shoot him to death. She says she paid Clark the money through Maddox. When arrested Clark still had the money.

### HAD READ DIME NOVELS.

A Fifteen-Year-Old Boy's Revenge Upon His Father.

JACKSON, Tenn., March 21.—News of a case of poisoning by a 15-year-old boy comes from Henderson county, where Joe Benson, wife and Dr. C. Stinson, the family physician, may die. The boy was filled with the exploits of dime novel heroes and determined to go to Texas. His father, learning of his intentions, followed him to a neighboring town and brought him home.

This incensed young Benson, and securing a box of rough on rats, put it in the coffee. At the first meal the father

drank of the deadly beverage and was taken violently ill. Dr. Stinson was called in, and while attending the father partook of the next meal, and with the boy's mother became a victim of the poison. Benson is in jail and has confessed the crime.

### Death of a Canadian Poet.

ORANGEVILLE, Ont., March 21.—Alexander McLachlan, the well known Canadian poet, died at his residence yesterday. He was 78 years of age.

CLEVELAND, March 21.—The fishing tug Jessie Enas, which was abandoned by her crew just outside the breakwater during the terrific storm after a thrilling experience, lies firmly imbedded in the ice near the entrance to the harbor. The ice has forced her nearly out of the water, but as the storm has subsided the boat will probably be rescued without much difficulty as soon as the ice gives way.

### LOST MONEY.

If the Finder Converts It to His Own Use He Is Guilty of Larceny.

At the last term of the Circuit Court a party was convicted of grand larceny and is now serving a term in the penitentiary at Frankfort.

He was accused of stealing \$20. He swore he found the money. The evidence showed that if he found it he converted it to his own use and spent it, without making any effort to find the owner.

The court ruled that if the accused found the money, and made no effort to discover the owner, and converted the money to his own use, he was guilty of grand larceny, and was punishable by imprisonment.
